2012 Consumer Confidence Report Leino Park Water District, PWS # 2332005

As you know, Leino Park's water is supplied by the Westminster Water Department, which buys its water from the City of Fitchburg. In addition to the water quality testing done by Fitchburg and Westminster, Leino Park is required to monitor for bacteria, lead, copper, chlorine, and disinfection contaminants within its distribution system. The water quality information presented in the tables below is from the most recent round of testing in accordance with regulations. Only the detected contaminants are shown. For an explanation of the terms in these tables, please refer to the attached 2012 Drinking Water Quality Report from Westminster.

WATER QUALITY DATA TABLES

Lead and Copper	Date Collected	90 th Percentile *	Action Level (AL)	MCLG	# of Sites Sampled	# of Sites above AL	Exceeds AL (Y/N)	Possible Sources
Lead (ppb)	7/12/11	2	15	0	5	0	N	Corrosion of household plumbing
Copper (ppm)	7/12/11	0.14	1.3	1.3	5	0	N	Corrosion of household plumbing

* Lead and copper compliance is based on the 90th percentile value, which is the highest level found in 9 out of every 5 homes sampled. The 90th percentile value is then compared to the action level.

Disinfectants and Disinfection Contaminants	Dates Collected	Highest Running Annual Average*	Range Detected	MCL or MRDL	MCLG or MRDLG	Violation (Y/N)	Possible Sources
Haloacetic Acids (HAA5s) (ppb)	Quarterly	35	24 - 32	60	--	N	Byproduct of drinking water chlorination
Total Trihalomethanes (TTHMs) (ppb)	Quarterly	63	28 - 92	80	--	N	Byproduct of drinking water chlorination
Total Chlorine (ppm)	2 Times a Month	0.47	0.08-0.89	4	4	N	Water additive used to control microbes

* The running annual average (RAA) is the average of four consecutive quarters. The highest RAA for the calendar year is the compliance value for the contaminants in this group.

The Leino Park Water District, the Westminster Water Department, and Fitchburg DPW were in full compliance with all state and federal drinking water regulations and standards in 2012.

Our water district consumed 1.9 million gallons of water in 2012. Please conserve water inside and outside your homes. Please water lawns only when needed, ideally early in the morning or after the sun goes down.

The Leino Park Water District Board of Commissioners meets on the first Wednesday of every month, 7:00 PM at the Miller residence, 15 Old Oak Ave. The Public is invited.

Our Annual Meeting will be held on Saturday June 22, 2013 at Bob Brown's house, 46 Old Oak Ave. at 10:00 AM. Residents are encouraged to attend. For questions and comments, or for additional copies of this report, contact David Crumbley at 978-874-2569 or Dave@leinopark.org or visit our website at lpwd@leinopark.org. You may also contact any of the following Commissioners:

Robert Brown @ 978-874-0408 Richard Plante @ 978-874-0474 Donald Williams @ 978-874-1908
